

The DREISOL SERVICE in APPLICATION TECHNOLOGY

Here's what you can expect from us.

BEFORE DELIVERY:

- » Technical **advice on your premises** from our technical consultants
- » **Analysis** of your coating process with suggestions for potential optimisation
- » Advice on the use of environmentally-friendly, **sustainable coatings** and cleaners
- » Advice on the VOC Directive
- » **Pilot plant tests** at our plant
- » Support for trial coating on the premises of coating line manufacturers
- » Developing / monitoring your coating instructions

IN THE INITIAL PHASE:

- » **technical support when "running in"** new coating systems until they are ready for series produc-

tion

IN CONTINUOUS OPERATION:

- » **QA tests** on coated workpieces such as adhesion tests, coating thickness measurements, gloss level measurements, colorimetric measurements
- » joint **development of a "factory standard for coatings"**
- » technical service at intervals agreed with you
- » Support with troubleshooting
- » **Qualification of your employees** through Dreisol seminars for surface technology and coating workshops
- » Information on new product developments

We look forward to talking to you!
Your Dreisol team
